I would **love** if you could stock your shelves with Majestic's amazing **RAW SPROUTED HUMMUS**, and **VEGAN, CREAMY RAW GARLIC SPREAD**.

Majestic is available in all regions through **Albert's Organic Distribution**.

I would LOVE to be able to support your store and buy them here!

The creamy raw garlic is made with simple organic ingredients, and spreads on smoothly, just like (guilt-free) mayo.

The organic raw sprouted hummus is simply divine. Whipped to creamy perfection, raw *and* sprouted for easier digestion— there's nothing else like it!

Thank you so much!

With gratitude from your loyal customer,
